LABSONIC® LS9750

Labsonic is long known for designing long lasting headphones that survive the rigors of educational use. The LS9750 is their ultimate educational headphone!

- These rugged, versatile headphones simply won't wear out easily like many other designs tend to.
- The large thick cushions offer durability plus ambient noise protection. They will last for the life of the headphone.
- The high quality 65mm drivers provide clear sound and are protected by slotted covers that prevent children from damaging them.
- Sturdy, single-piece headband has no hidden wires to break and is fully adjustable for students from Pre-K to 12th grade.
- Volume control on the ear cup.
- The extra thick 7.5 foot cord is designed to last by double shielding the wires and then molding it to the plug assembly which virtually eliminates this common failure point.
- The main plug is a stereo 3.5mm and also includes a high quality screw on 1/4" adapter.
- PC, Mac, and iMac

As low as ***$9.95***

- High speed 30 frames per second capturing eliminates motion blur.
- Auto-focus and auto-tune buttons adjust to best clarity, brightness, and color in seconds.
- One-touch synchronous audio/video recording with built-in microphone for users to easily record their presentations.
- Present to your classroom without having to turn around to check what you're projecting! Watch your document camera's feed on your laptop (via USB) while simultaneously projecting via VGA or HDMI.
- SD card slot supports SDHC & SDXC to expand up to 64GB of memory for storing recordings and snapshots.
- Built-in power supply eliminates pesky power bricks for simple cord management.
- 5 year unlimited warranty covers parts, labor, and includes an advanced replacement unit program for zero downtime while your unit is being repaired.
- Free lifetime training and support

Only $390

Item#	Zoom	Inputs	Outputs	Each
DC145	12x Digital	VGA	VGA & USB	$390
DC170	2x Optical, 12x Digital	VGA	VGA, HDMI, USB	$459
DC192	2x Optical, 12x Digital	VGA, HDMI	VGA, HDMI, USB	$565

Input Passthrough allows you to switch between your laptop's presentation and your document camera at the press of a button. This eliminates the need to switch plugs between devices in the middle of a presentation. (Inputs vary based on model, see chart).

Output Resolutions:
1080p (1920x1080)
WXGA (1280x800)
SXGA (1280x960)
XGA (1024x768)

Only $560

Lumens LaVibug USB Document Camera

Present from around the classroom with the optional Flyer wireless base!

- 30 frames per second even at full 1080p resolution
- Plugs into your laptop via USB for seamless integration into your existing presentation style. Available with the Flyer wireless base, giving you freedom to let students share their work from their own desk, or present from a science lab table without the hassle of cables.
- The wireless flyer communicates on WiFi using a USB dongle. SSID and broadcast channels can be easily modified to avoid conflict with existing wireless networks in the school.
- Powered by USB, no power cords needed. Wireless model provides 8 hours of continuous use after a 6 hour charge
- 8x Digital Zoom
- Auto-focus and auto-tune buttons quickly adjust clarity, brightness, and color
- 5 year unlimited warranty covers parts, labor, and includes an advanced replacement unit program for zero downtime while your unit is being repaired.
- Free lifetime training and support

iPad® Document Camera Stand

Instantly transform your iPad® into a document camera!

Only $89.95

Get the same functionality of traditional document cameras at a fraction of the cost. Simply clamp your iPad® 2, 3, 4, or iPad® Mini into the stand and connect it to a projector (cables sold separately - see pg 56). It can also function as a hands-free desk stand, perfect for reading documents or watching videos at optimal viewing positions. 1 year frame warranty.

- Rotates, tilts, and height adjusts to put your iPad® and iPad® Mini in optimal viewing postion as either a document camera or stand
- Height adjustable from 12¾"-23"H
- Mount rotates 90° for both landscape and portrait orientations
- Rubber pads on base keep stand stable and prevent it from falling over
- Elastic band keeps cable secured and connected to iPad® or iPad® Mini
- Paper Positioning Template (included) helps you position your material for optimal viewing when in document camera mode
- Mounting holes on base for security
- Headphone holder included

Item#	Dimensions	Wt	List	Each

Sit-Stand Dual Shelf Laptop Projector Cart with Locking Cabinet

As low as $199

Top Shelf: 24"W x 18"D
Rubber non-skid mat
7 outlet Power Strip included
Locking Cabinet
Both pull-out shelves are 20"W x 14"D
Heavy gauge steel construction on panels and posts
Heavy-duty 4" casters

This durable and versatile all-steel cart provides the perfect amount of space and power for a laptop, projector, document camera, and more.

- **Top Shelf** is adjustable from 26" - 42" in four 4" increments, allowing 8"to 15½" of space between top of cart and cabinet. (Top Shelf Dimensions: 24"W x 18"D)
- **Middle Shelf** (top of cabinet) is 24"W x 18"D x 24"H
- **Retractable Shelves:** Two heavy-gauge steel pull-out shelves that adjust to 12 different heights in ¾" increments.
- **Locking Cabinet:** is 24"H (Interior dimensions 23½"W x 17½"D x 15½"H)
- **Grommets:** Three Oversized (3") Grommets located on the top shelf, middle shelf, and back panel for easier cord management (compared with industry standard of only two 1.5" grommets)
- **Electrical Assembly:** Includes UL Listed 7-outlet electrical assembly with 25 ft cord and cord winder.
- **Casters:** Four 4" heavy-duty swivel casters (2 locking)
- **Finish/Material**: Environmentally friendly and durable black powder-coated heavy-gauge steel frame and panels.

Item#	Wt	List	1+	4+	
811024	83	$600	$209	$199	UPS

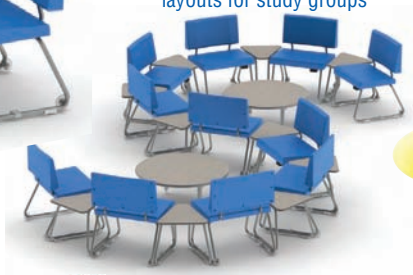
Study Lounge Furniture with Built-in Power

This new concept provides an option between lounge and classroom seating. Chairs are available with optional built-in 2-outlet electrical mounted just below the seat for easy access. Wedge table is also available with a 4-outlet power dome. Use the Wedge table to complement chairs in an arc pattern. Traditional circle, square, and rectangle tables feature 15"-24" adjustable height legs.

605011 Round Table

Use Wedge tables for arc-style layouts for study groups



All chairs include nylon glides and rear-mounted casters

As low as $289

605005 Powered Chair

Standard 18" seat height with a slight rear slope for a comfortable change to standard classroom seating.

Agile Computer Tables

Quick and Easy Setup - Assembles in less than five minutes!

Easy to assemble computer tables are ideal for training rooms, conference rooms, or for use in an office. Simply lift the top, unfold the legs, and secure the top to the base's built-in connectors for a fast and simple setup. Table can be arranged with legs facing outward for conference and training room setups, or inward for an ideal office suite arrangement.

- Rounded corner connectors join tables together to create a variety of configurations
- Durable solid steel tops won't warp, and are finished in an elegant mahogany laminate
- Solid steel base with built in storage shelf for extra storage space

Tables ship folded, simply unfold and secure the top to assemble in less than 5 minutes

Built in shelf provides extra storage space, and can be arranged to face inward or outward

Face legs inward for an office setup . . .

Tables can be arranged in a variety of useful configurations to suit the needs of any environment

. . . or outward for conference and training rooms

Will you require inside delivery on Truck Orders? Yes No Do you have a loading dock? Yes No

This chart and any free shipping offers in this catalog are for the 48 contiguous states - AK and HI must call for quote.

UPS drivers will deliver freight inside the building.

On standard **Truck** deliveries, the driver will bring the freight to the back "tail" of the truck. You are responsible to offload merchandise. When placing an order, you may request inside delivery, (aka Driver Assist) lift gate, or notify before delivery at additional charges.

Shipping Charges for **Regular Items**

Order Amount	Ground Rates
$0-$49.99	$7.95
$50-$99.99	$10.95
$100-$199.99	$14.95
$200-$499.99	$18.95
$500+	$6% of order

Shipping Charges for **Heavy Items**

We notate **UPS** or **Truck** beside the part number to designate a heavy item (Primarily Furniture Items)

Shipping on heavy items will range from 18-30% of the subtotal amount. If you are ordering by mail or fax and do not want to call or e-mail us for a shipping quote, you may estimate these costs at 24%. Please note: The 24% estimate may not always reflect an accurate rate, as low cost heavy items will be a higher percentage and high cost volume orders could be a lower percentage. You may call us for your shipping charges or visit **www.acpdirect.com/shipping** to send us a quote request via e-mail.

About our Freight Charges

We try to make it easy as possible to calculate your charges. For non-furniture items you may use the following chart that is based on a percentage of your purchase amount.

Non-Furniture Items

Order Amount	Ground Rates
$0-$49.99	$7.95
$50-$99.99	$10.95
$100-$199.99	$14.95
$200-$499.99	$18.95
$500+	$6% of order

Furniture Items

Freight charges on furniture items will range from 18-30% of the order amount. You may estimate the shipping to be at 24% of the furniture items ordered on your purchase order. It will be close most of the time. We will contact you if there is a significant difference. Heavy items are marked with **UPS** or **Truck** throughout the catalog. We welcome you to contact us to get an exact quote before you place your order. Whatever is easier for you.
